Surrounded by water on three sides, Shimonoseki is rightly famous for its seafood and, in addition to being considered the gateway to Kyushu, is also known as 'Japan's Pufferfish/Fugu Capital' - the potentially deadly local delicacy requiring takumi-level preparation by specially trained Fugu chefs. Today it is better known for its traditional pottery making. This morning we will explore the Teramachi District with its temples and shrines, the Jokamachi District, where we find the old Samurai houses and also take time to explore Hagi Castle, Shizuki Park and Tokoji Temple. Alternatively, discover the natural wonders of 300 million year old limestone Akiyoshido Cave.

Today provides a perfect taste of the best South Korea has to offer.

Alternatively explore the rich art centre of Kanazawa discovering some of the unique styles of Japanese art. Kanazawa is rightly famous for its Kutani-style pottery, exquisite lacquerware, gold-leaf workmanship, hand painted silk, and classical Noh dance-drama performed since the 14th Century.
